THANKS TO GRIFFIN

In the multitude of things that have come into our mind for the past several days we had almost forgotten the royal hospitality tendered the returned candidates from Fort McCoy at Anthony, last Saturday. Their luncheon, which was great, was prepared by Mr. Griffin, one of the cleverest of men and a successful merchant, and after the feast was partaken of he declined to be compensated. He said it was a "Griffin" lay-out, and included fragrant Havana, which he handed around. May his shadow never grow less.

GENEROUS CAPTAIN INGLIS

Mr. Louis R. Chazal received today a check from Captain John L. Inglis for \$100 for the San Francisco relief fund, which Mr. Chazal turned over to Mr. T. T. Munroe, treasurer.

A RECORD BREAKING CABBAGE

Mr. J. C. Cobb, the capable manager of the Marion Farms, brought to the Star office today a cabbage that was grown on the Marion Farms. One believe is the largest ever grown in the county, if not in the state. The cabbage weighs 30 pounds and will scarcely go inside of a flour barrel. If there has ever been a larger one grown in the country, we would like to know when and where.

CIRCUIT COURT

The spring term of the circuit court will convene in Ocala on the first Tuesday in May, and there will be no court-house, as the old one will be in the throes of demolition by the time. Court will have to be held in the armory or some other hall in the city. The Club House is being prepared for the temporary quarters of as many of the county officials as it can accommodate.

It is a pleasure to note the readiness and willingness with which the committees making the collection for the San Francisco sufferers were met by all whom they approached. Only a few declined to assist, not that they did not feel for the people of the stricken city, but because they had suffering or affliction of their own to contend with. Several declined to give at first, because they thought the people of the Pacific coast had more money notwithstanding their calamity, than the people of Ocala, but on second thought, they subscribed. Others hesitated because they feared in the distribution of the money too much would go to graft and to persons not entitled to help, but on reflection they also gave. Taken as a whole the experience of the committees was highly gratifying.

We desire to remark that notwithstanding the fact that in every calamity that has overtaken communities and their necessities became so great that outside aid was needed and given, the distribution of these funds was placed in the hands of the most highly esteemed and honorable citizens of those communities; that thorough-going and systematized business methods were employed by the best business talent in their midst to make the distribution, and that while no human work can be perfect and fraud and deception exists everywhere and among all classes and is ever ready to take advantage of such opportunities to commit fraud on the public, yet we do not hesitate to say that in the experience of this country along lines of beneficence and help to the needy, when the dark cloud of distress and destruction hangs like a pall over stricken people, 95 per cent. of all contributions goes where it is most needed and that only the truly suffering receive aid. Talk is cheap, and the report of the underserving receiving aid and the worthy denied may be true in some and many instances, and stalks over the land in seven-league boots and you hear it discussed on every corner, but while this is in part true, you never hear of the uniform honesty and faithfulness of those in charge in that sacred fund and the fidelity and care with which it is dispensed, yet such is the case, and those who accept as true the exceptions to the rule are deluding themselves and dishonoring the true manhood and womanhood of those communities who are the judicious agents in dispensing public love and help. To accept the expressed belief of those exceptionists is to distrust the virtue and probity of the human race and brand the people of the United States as a monster band of grafters and thieves. "Judge not, lest ye be judged."

We had the pleasure of a call yesterday afternoon from Rev. W. H. McClure of Hazelgreen, Ky., who has been assisting Rev. W. O. Williams at Fort Meade in holding a tent revival meeting near Blanding. They closed their meeting, which has been in progress for ten days, Monday night, receiving eight converts. These gentlemen are now on their way to Lakeland, to open a meeting at that point. Rev. McClure heard Rev. Sam White last night and was greatly pleased with the sermon.

Miss Emily Likowski passed through Ocala yesterday on her return home to Mount Dora from Inverness, where she had been looking after her timber land, upon which she found that parties had been trespassing, and proposes to make them "reveal" for their high-handed and illegal acts. Miss Likowski is sister to Mr. Likowski, who some six years ago was a carpenter and builder in Ocala, but now a resident of the Indian Territory.

A little son was born about two weeks ago at Julien, Calif., to Mr. and Mrs. Frank Potter, formerly of this city. Mrs. Potter is a sister of Mrs. G. F. Williams of this city. The family has been in California about nine years. Mr. Potter went there with \$800 in cash, and engaged in stock raising, and is now worth from \$50,000 to \$75,000.

Has the "rummage" wagon been your way? If not, it will sell for you this Friday morning. Please have your packages ready. The ladies have met with much encouragement and hope for excellent results.

Odd Fellows meet Tuesday evening.

IT IS FOR LADIES, TOO

They Can Stop Their Hair Falling Out With Herpicide

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out and thicken the growth with Newbro's Herpicide. Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, and will not stain or dye.

Sold by leading druggists. Send 10c. In stamps for sample to the Herpicide Co., Detroit, Mich. Tydings & Co., special agents, Ocala, Fla.

CARRANT LOAF

CAPTAIN BAKER
YIELDS TO THE PRESSURE

The Ex-Senator From Sumter Again Enters the Race

Sumterville, April 26. Editor Star—The Times will announce the candidacy of Capt. D. H. Baker for state senator, he having yielded to the many requests from Marion county and the general sentiment of Sumter. I take the liberty to say in behalf of Sumter county that we appreciate the manifestation of good will on the part of so many in Marion county, and the evident desire on the part of the citizens of the "banner county of Florida" to be fair and considerate towards her little sister. Although Captain Baker resides in Sumter, he will be found, if nominated and elected, a senator for the whole district as when he before held that high position, and the good people of Marion will have nothing to regret in yielding to Sumter's wishes this time. J. C. B. Koonce.

DEATH OF J. H. VAUGHAN

J. H. Vaughan, for a number of years a resident of Tampa, died yesterday at York, and his body will be brought to Tampa this evening over the Seaboard for interment. Mr. Vaughan was a victim of consumption, and left here last Monday to visit one of the turpentine camps in the vicinity of Ocala, thinking that the change might do him some good, but death claimed him before he could reach his destination. The deceased has relatives and a number of friends in Tampa to whom the Times extends the sincerest sympathy.—Tampa Times.

Mr. Vaughan died at L. Horne & Co.'s, still Monday night, and Messrs. McIver & MacKay prepared his body for burial and shipped it to Tampa.

NATURE'S WARNING

Ocala People Must Recognize and Heed It

Kidney ills come quietly—mysteriously. But nature always warns you through the urine.

Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment. Passages too frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes. M. J. Divine, printer, living at 751 West Duval street, Jacksonville, says: "I can testify to the good qualities of Doan's Kidney Pills. I used them for kidney and urinary trouble and found great relief. I have been afflicted for the past three or four years with backache and troubled with the kidney secretions. The kidney secretions were annoying, dark in color and contained sediment on standing. I was also obliged to arise several times during the night and was also troubled during the day from the same cause. The backache prevented me from sleeping and often I lay awake for several hours during the night. I used everything I could get in the way of kidney remedies and rubbed my back with liniments but nothing did any good. A friend recommended Doan's Kidney Pills to me, and I procured a box. I used them and my back became stronger. I have no backache at all, and difficulty with the kidney secretions has been corrected, and my general health is greatly benefited. I take pleasure in recommending Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

MEN PAST SIXTY IN DANGER
More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities, and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by the Postoffice Drugstore.
